

Session 1: 6/11-6/15

Kung Fu ---Long Stick is most famous for its practicality and effectiveness. It is said to be the father of all weapons. About 70% of staff techniques overlap with those of other long weapons, including spear, long handled sword, etc. It is known as one of the best defense weapons, for it is easy to obtain and use.

Mandarin class

Science Project ---Teachers and children to do some creative scientific experiments to cultivate children's divergent thinking, creativity, imagination

Session 2: 6/18-/6/22

Kung Fu – Long Stick

Mandarin class

Engineering Project --- Assembling robots can help their imagination, creativity, innovation, frustration, practical ability, thinking ability and ability to analyze and solve problems.

Session 3: 6/25-6/29

Kung Fu --- Sword is the ultimate warrior's weapon. It is the most widely used of all weapons and its influence goes beyond the field of Kung fu. Every school of Kung fu uses the sword as the basic weapon for rigorous training. It is a very adaptable weapon to different body types

Mandarin class

Electronics Project --- Teach children to manually experience the design and build electrical working circuit models.

Session 4: 7/2-7/6 (*July 4th Holiday school closed)

Kung fu – Sword

Mandarin class

Chef's Kitchen- Cooking will allow children to learn how to make reasonable use of time and lay a foundation for mathematics. For example, a few cups of flour and a few cups of sugar are needed to make cakes. Math is a way of thinking and an essential method and ability for life. The kitchen is a good place to use mathematics. Cooking allows children to have good communication and teamwork.

Session 5: 7/9-7/13

Kung Fu –kick boxing known as San Shou, or “free hand”, is the close-quarters hand-to-hand system of combat developed by the Chinese Government and used by the Chinese Military. Students will be presented with real-life scenarios to which they will be expected to respond in a non-violent manner

Mandarin class

Creativity Art and Craft Project -- Including painting, drawing, sculpture, collage, and sun catchers

Session 6: 7/17-7/27

Kung Fu – Kick boxing

Mandarin class

AR and 3D flashcards-- scientific knowledge in a fully interactive and interesting form through AR and 3D flashcards

Session 7: 7/23-7/27

Kung Fu –Nunchaku, also known as chain sticks, is a short-range weapon that consists of two sticks connected at their ends with chain or rope. It was made famous by Bruce Lee in his movies. Aside from being easy to carry, it is a very versatile weapon, which can be used to defend against most any weapon.

Mandarin class

Language Game – help students learn Chinese-Mandarin in an effective way

Session 8: 7/30-8/3

Kung fu – Nunchaku

Mandarin class

Lego Game: Lego provides tools that develop lateral thinking in a fun environment and help kids to think in three dimensions. It also improves literacy as kids work with instructions and develops problem-solving, organization, and planning by construction

Session 9: 8/6-/8/10

Kung fu – kung fu kicks A kick is a physical strike using the leg, foot, heel, tibia, thigh or knee (the latter is also known as a knee strike). This type of attack is used frequently by hooved animals as well as humans in the context of stand-up fighting. Kicks play a significant role in many forms of martial arts,

Mandarin class

Building and construction simulation games --Bridge building games, construction engineering games, house / castle building, card building games, building block activities & critical thinking puzzles

Session 10: 8/13-/8/17

Kung fu –kicks

Mandarin class

Field Trip--Fremont Water Park, Oakland zoo, Golf club and bowling in Alameda

ENROLLMENT FORM

I want to enroll my child: please check the weeks you want to enroll, minimum 2 weeks
